

### About page 5-7

The smallest known particles in atoms are Quarks. The Quarks are about one billion times smaller than an atom, scientists say. They are in three different colours – red, green and blue. My theory is that they represent our three parted God - the Trinity. God has created all things; God the Father has no beginning and no end. Jesus Christ, the only begotten Son of God, was also involved in the creation before He came to earth. Read **proverbs 8** and **Colossians chapter 1 and 2**. And then the Holy Spirit, who is the Life-Giver in the whole universe;

**Ps 104:29-30 You hide Your face, they are troubled: You take away their Spirit; they die, and return to their dust. You send forth Your Spirit, they are created: and You renew the face of the earth.**

Of course, this is my personal theory, but it seems to be so, because **Romans 1:20** says that we can see God in the creation. Read:

**For the invisible things of Him from the creation of the world are clearly seen, being understood by the things that are made, even His eternal power and Godhead; so that they are without excuse.**

Also in basic light the three colours - red, green and blue - is a matter of fact. So, two sources, witnesses, say the same. Read:

**Matt 18:16**

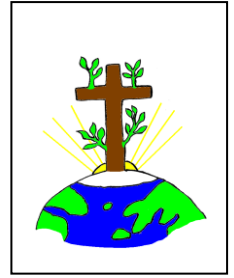

**But if he will not hear you, then take with you one or two more, that in the mouth of two or three witnesses every word may be established.** So I am personally satisfied to spread my theory to everyone who is willing to hear and read.

### About page 3-4

Adultery sins are flourishing in not so few churches in the western world. Really sorry to say, but that old sin is always around, and especially if we no longer have any “fences” between women and men. The word of Jesus is still a holy rule. **Matt 5:28 But I say unto you, that whosoever looks on a woman to lust after her has committed adultery with her already in his heart.** Women and men must have a distance - also in churches.

## No 4 The Winter 2014

Now the winter has come to Sweden, so cold, but it's nice to be inside our houses and do "winter time" things, like writing this. In the summer we can be out and do a lot of things. Before the electricity, people could relax in the evenings. It is important to take time to talk, read the Bible and pray. To do that, we need relaxing time; otherwise we don't get the message deep into our hearts. When I was working on farms - far away from people and towns - I had my best Bible studies and praying time alone, also with my wife and our small children. So, let us cool down and do good things. Jesus is near us all. Read **Matthew 28:20**.

A.N.

The Magazine "JESUS OUR ONLY HOPE" is a free independent Christian Magazine.

- This is a total free magazine; we will never ask you for money in any way. Jesus says in **Matthew 10:8**, "Heal the sick, cleanse the lepers, raise the dead and cast out devils: freely you have received, freely give."
- It is free to print by yourself, how many copies as you want, but you got to see to the rules your country has for spreading out a magazine this way. You can use it like a church magazine, if you like.
- This magazine is coming out with 4 numbers a year, one for each season.
- We also have tracts that you can print, see our website.
- If you have a story of what God has done in your life, or some teaching, please send it to us; we can maybe have it in our magazine or make a tract out of it.
- We believe that the Christian Bible is the inspired word of God that gives joy, life and warning. **Psalm 119:160**.
- To be sure, that we will get to Heaven; we got to have a personal relationship with Jesus Christ the Son of God, and also fight the sin and evil things inside us and outside us - **The Gospel of John chapter 3**.
- There is only one who can guide us to Heaven – Jesus Christ the Son of God. **Acts 4:12**  
Jesus answered him, "I am the Way, the Truth and the Life. No one comes to The Father but by Me." **The Gospel of John 14:6**.
- The Bibles we use are basically; "The Swedish 1917 translation" and "King James Bible", an old English translation.

• **Green**. Without the green plants on earth we can't breathe, we die pretty fast, the green plants produce oxygen through the photosynthesis. Without the Holy Spirit everything dies on earth.

**You hide Your face, they are troubled: You take away their spirit; they die, and return to their dust. You send forth Your spirit, they are created: and You renew the face of the earth.**

**Psalm 104:29-30**. In the Tabernacle and in the Temple was Aaron's "dead" staff, which miraculously had received green almond leaves as a sign that he and his sons would be priests in Israel.

• **Blue** is the colour that represents God the Father. The sky is blue as we see it from earth; there is no end when we look up in the sky. And God the Father has no beginning and no end - he has always been. His most common name in the Old Testament is "I AM" – JHWH. *God the Father can no one grasp - no one. He has always been - no beginning, no end. All others have a beginning, but not the Father. Evil men and the devil have no chance against Him, not against His Son either. Never forget it.* There is also a lot of blue colour in the Tabernacle and also in the Temple.

In the end of 1900 century the scientists got the knowledge that red and blue light were very effective in the photosynthesis. The Trinity shows up everywhere (a parable, I think).

• The three Quarks cannot be removed from each other. This is also a subject that brings my thoughts to God the Father, the Son and the Holy Spirit. They are really close together; they have the same will and they don't do things on their own. They have absolute love and righteousness in common.

• The common computer screen/display is built up by the three colours: red, green and blue, called RGB.

• Out of the three basic colours, RGB, we can get all colours on computer screens and TV screens. From God we got everything that is created. That is something!

**But when the Comforter comes, whom I will send to you from the Father, the Spirit of truth, which proceeds from the Father, He shall testify of Me (Jesus).** **John 15:26**

**I and My Father are one.** **John 10:30**

The Trinity is a truth.

## About Quarks

In the early 1960's the scientists began to think that atomic nucleus must be built of something smaller than they knew at that time. Two scientists, Murray Gell-Mann and Georg Zweig, who did not work together, found that there has to be something smaller – Quarks.

Scientists couldn't proof that Quarks existed until 1968. They did an experiment with an electron proton scattering and they saw that the electron was scattering to three point-like parts of the proton. More experiments that proof that Quarks exists has been done by Richard E. Taylor, Henry W. Kendall och Jerome I. Friedman. They worked at Stanford Linear Accelerator Center in California, USA and they received the Nobel Prize in Physics in 1990.

This is why I connect these three colours in white light and Quarks with the Trinity:

- How come that the three basic colours – red, green and blue - get a white light when they are mixed together in one spot? A really true parable is that when the Father, the Son and the Holy Spirit are together, the white light arises! When we get all the truth from the Bible, we get really white light in our lives. When the Pentecostal movement began in modern time around 1906 in Azusa Street, Los Angeles, the world got white light from Heaven. From now on the Holy Spirit was really involved in Christianity and was spread with much power all over the world. Read **Acts** about the Holy Spirit. I will explain why I believe the three colours - red, green and blue - are connected with the Son, the Father and the Holy Spirit:

- **Red** is the colour that represents Jesus Christ the Son of God. The blood Jesus shed on the cross about 2000 years ago, is the only blood that can take away our sins. This is, without no comparing, the most important thing that has happened in the whole world history. So, do your best to follow Jesus every day - never forget it. **1 John 1:7 But if we walk in the light, as He is in the light, we have fellowship one with another, and the blood of Jesus Christ His Son cleanses us from all sin.** There was also much red colour in the Tabernacle and in the Temple. In Sweden we paint houses with red colour since about 1616. It's a special colour that really stops the wood to become rotten. This red colour is the most common colour of the houses in Sweden. This colour is breathing also, so the wood feels fine for hundreds of years. The message of the blood of Jesus makes people do well until the end of time, and then in eternity.

**Nevertheless, to avoid fornication, let every man live with his own wife, and let every woman have her own husband. Let the husband act nicely to his wife with; all dutifulness, all his doings, all willingness and likewise also the wife unto the husband. The wife has not power of her own body, but the husband: and likewise also the husband has not power of his own body, but the wife. Depart not one from the other, except it be with agreement for a time, that you may give yourselves to fasting and prayer; and come together again, that Satan may not tempt you because of lack of self-control. 1 Corinthians 7:2-5**

Many are working away from their spouse and meet the other sex on the job and that can be very dangerous if we don't watch out. Don't have too close relation with your colleague/workmate of the other sex so Satan gets the chance to destroy your marriage. This is a very big problem in Sweden. To break up the family is to crush the hearts of the children and that is not the will of God. Read **Malachi 2:16 For the Lord, the God of Israel, says that He hates divorce...**

Read also **Proverbs chapter 1-10** and the rest of the Bible in this subject. It may work for a time to live wrong in this subject, but in the long run the holiest of the holy have no chance at all. I have so many examples of it. **Be not deceived by bad company, even the best person soon will be destroyed. 1 Corinthians 15:33** (Swedish translation).

We Christians are holy people, that shall be holy - both for other Christians and also for non Christian's sake. Let us all walk with Jesus and do what the Bible teaches us. **Read Matthew chapter 5-15, Job 31, 1 Thessalonians 4, and many other chapters in the Bible.** I have also noticed that some good old pastors, in the end of their life, always bring the wife when they go preaching. One of them said: "I don't go preaching if I can't bring my wife also." **Hear Me now therefore, O you children, and depart not from the words of My mouth. Remove your way far from her, and come not near the door of her house: Lest you give your honour to others, and your years to the cruel: Lest strangers be filled with your wealth; and your labours be in the house of a stranger. Proverbs 5:7-10**

I also see problems to neglect the word of God - the Bible is the highest authority in the whole world. Even Satan knows it, so he tries to cheat people to do bad things. These four Bible verses are really neglected: **But be not you called Rabbi: for one is your Master, Christ; and all you are brothers. And call no man your father upon the earth: for one is your Father, which is in Heaven. Neither be you called masters: for one is your Master, Christ. But he that is greatest among you shall be your servant.**

**Matthew 23:8-11.** We shall for sure respect our leaders as authorities, but if they don't live according to what the Bible teaches, then we have to follow the Bible on one's own instead. A common problem in history. Jesus is Lord.

- It is also important to follow the word of God concerning the congregation/church. Elders shall be men - not women - according to the Bible: **For this cause did I left you in Crete, that you should set in order the things that are wanting, and ordain elders in every city, as I had appointed you: If any be blameless, the husband of one wife, having faithful children not accused of riot or unruly. Titus 1:5-6**

- Only men shall be teachers/pastors (priests) in churches. We don't need to be upset for this - be humble before the Word of God instead. *God knows what is best for us humans and He for sure loves women as much as he loves men. But I allow not a woman to teach, nor to take over authority over the man, but to be in silence. 1 Tim 2:12*

- If we obey the word of God, He will make the entire Bible a living book for us. If we neglect the Bible in some ways, He doesn't let the entire Bible be a living experience for us. **Turn you at my rebuke: behold, I will pour out my spirit to you, I will make known my words to you. Proverbs 1:23**

- Jesus is waiting for us Christians to fully follow Him, so that more things can happen. **And other fell on good ground, and gave fruit that sprang up and increased; and brought forth, some thirty, and some sixty, and some an hundred. Mark 4:8**

## THE CREATION IS A WITNESS OF GOD'S EXISTENCE

RGB, Quarks and the Trinity (my personal theory)

**And Jesus came and spoke to them, saying, all power is given to Me in heaven and in earth. Go you therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Spirit: Teaching them to observe all things whatsoever I have commanded you: and, See, I am with you always, even to the end of the world. Amen. Matthew 28:18-20**

Three different "...in the name of..." – the Father, the Son and the Holy Spirit.

**And God said, Let Us make man in Our image, after Our likeness: and let them have dominion over the fish of the sea, and over the bird of the air, and over the cattle, and over all the earth, and over every creeping thing that creeps on the earth. Genesis 1:26**

God said, let Us make man in Our image, there were more than one. We see through other Bible words that Jesus was for sure involved in the creation before He came to earth. Read **Proverbs 8** and **Colossians chapter 1-2**.

In about 1998 I tried to do some writings about Quarks that have 3 colours - red, green and blue - but I didn't find enough facts about the subject to connect with the Trinity. But now I see the connection, because the white LED lamps are introduced and they contain the same colours as the Quarks. White LED light has three different basic colours: red, green and blue. That is why I write this article.

*The colour of an object is not contained within the object. The colour is the result of the light which strikes the object and is reflected by it. If you want to know more about it you can search on the web: colour reflection of light.*

**For the invisible things of Him from the creation of the world are clearly seen, being understood by the things that are made, even His eternal power and Godhead; so that they are without excuse. Romans 1:20**

We can for sure see God in the creation and also (in my opinion) in white light and Quarks; the smallest of all things in the atom that the scientists today knows about.

**I am (Jesus) the light that has come into the world, so that no one who believes in Me shall stay in darkness. John 12:46**
