

My son, Johannes, has been writing a story in school, that the teacher told them to do. His own fabrication story (not a true story).

LOST

I opened the door and walked out from the café.

It was a beautiful winter evening, 13 degrees below zero and the sun was at the horizon. I was on my way to Anatolij. My best friend. He always helped me. I could phone him in the middle of the night for help, and he would help me. Now he was in need. He needed help with something that I couldn't help him with.

He had phoned me when I was in the café.

He told me to come as fast as possible, before it was too late. I didn't understand what he meant, but in a hurry I went there. On the way to Anatolij an Ambulance with the blue light on was passing by me with high speed. The ambulance did make a turn where Anatolij lived.

Then I got a thought, something maybe has happen to him, so I started to run in the direction where the ambulance went. Then I saw that it had stopped at the apartment building where he lived. On the stretcher it was someone lying with a blanket covered the whole body. I run over there very fast and asked the two male nurses at place what had happened. One of them told me, that a man about 30 years old had been jumping from a balcony, it was fourth floor. One of the neighbours had seen it and phoned the ambulance.

I looked up where Anatolij lived. The balcony door was open and the curtains were fluttering. I immediately went into the stair well, up to the fourth floor, to his apartment. The door was unlocked, which I noticed when I took the handle. I stepped into the apartment. The first thing I noticed was the cannulises (drains) that was on the floor in front of the sofa. It was unusually messy. In the sofa it was some clothes and some beer cans. I went to another room, next to the balcony. That room he had as an office. On the writing desk it was a note (-sized) piece of paper. There it was written;

Dear Viktor,

I think you are the one who will read this note first. It's a matter of fact that I got fixed with drugs. Don't do the same mistake as I did. I am lost, but you can be free.

Your friend Anatolij

This is a fabrication story (not a true story), but for many it has been a matter of fact; so my friend- turn to Jesus! He is always around, now you can give your life to Him, and He will Indeed help you. Jesus says;

Come to me, all you that labor and are heavy burdened, and I will give you rest. Take my yoke upon you, and learn of me; for I am meek and lowly in heart: and you shall find rest to your souls. For my yoke is easy, and my burden is light. Matt 11:28-30

Nr 4 the winter 2009

Merry Christmas and a happy new year everybody! This number is about Narcotic drugs – with those word I mean both narcotic (sleepy) drugs and stimulants (uppers) drugs that makes people high in a bad way. I use the same word – narcotic drugs for both, because both kinds make people sleepy for good deeds – sleepy for Jesus. I also understand that The drug problem is a problem with the soul, if people feel bad in one way or another they can begin to use drugs, if people have a really good family and really good friends, usually they don't begin with drugs. So more home wife's, Fathers that take time with their children, no music or movies that glorifies Narcotic drugs, that we who think that we are good Christian really live right so we have power to be people of God and meet the need of people around us. Talking more with our children instead of having so many interest by ourselves as parents, be ready to move to another place where it's better for our children with their friends – yes there are many advices to get our children away from drugs. In my circumstances I see very much problem with legal narcotic drugs that normal doctors “write out” to people who have some other problem, and then they get more problems with the drugs then with their problems. So my pray is that you understand my anger against all drugs. By Allan Norgren

..Farmaceut = a person who works in a Swedish drugstore (Apotek) where they sell medicine of all kind, that person is a specialist on all kind of medicines, drugs that are good for us, if we don't misuse it.

But 2000 years ago, they didn't have so many drugstores and “farmaceuts”, but what did they have? A person who use to help people with demonic power together with narcotic drugs, which in many cases open very strong for demonic power.

You can ask some old missioners who have been around much, even today they do the same. Of course, some medecinemen are better then others, same with doctors in rich countries.

So if we should make correct translation of **Revelation 21:8** it could be like this; **But the fearful, and unbelieving, and the abominable (those who do bad things), and murderers, and sexual immoral, and those who practice magic arts and those who use or give out narcotic drugs and idolaters, and all liars, shall have their part in the lake which burns with fire and brimstone: which is the second death.**

Or;

But the fearful, and unbelieving, and the abominable(those who do bad things) , and murderers, and sexual immoral, and those who practice magic arts and those who are involved with narcotic drugs and idolaters, and all liars, shall have their part in the lake which burns with fire and brimstone: which is the second death.

• The most countries are very aware how bad both legal and illegal narcotic drugs (both narcotic drug and stimulant) are, and they punish it very hard, specially those who sell it, because it destroys whole countries, families, young and old. Narcotic drugs are really the medicine of the devil, a hope of happiness but it leads to destruction and death.

• All over the world they say narcotic drugs is very bad, but many, also among us Christians it's ok to take a beer, that's my opinion. It is the false talk on earth, because alcohol is “the drug” of drugs, also in small amount, and many believe and say that it is no drug. But it's really a “thing” that open up your mind to demonic power also if you just use it a little, think of all bad things that alcohol makes- divorcing, selfishness in many ways, violence, murder, all kind of bad talk- many times people get very proud or angry when they drink alcohol.

People don't give money to their families or poor people, instead they buy alcohol, even in poor countries they do that.

Also when they drink very much alcohol they get very bad demonic experience, the same mostly as heroin. Delirium tremens is a proof of that, in that case it is life threatening-of course, alcohol is a narcotic drug! A woman that has been working with drug addicts mostly her whole life, said: “most drug addicts begin with alcohol”.

It is very bad if we Christians drink alcohol, then we do commercial for alcohol for our weaker brothers and we are responsible for their life, if they go to hell- very serious! **Read 1Corinthians chapter 8:11 And through your knowledge shall the weak brother perish, for who Christ died?** Read the whole story. **7**

How about Narcotic drugs as medicine?

- All kind of Narcotic drugs are used in hospitals when sickness or accident is a matter of fact, and of course that can be ok, it's very good to have such things many times, if they use it for a short time. The problem with narcotic drugs is when the doctor recommends it for long periods, and then the patient can be a real drug addict, exactly the same like those who use real illegal Narcotic drugs- like heroin LSD, Ecstasy and so on.
 - The most doctors I think is aware of this problem, but some really like to "write out" paper, prescription, so the patient really can have much "legal narcotic drugs".
 - This problem is everywhere both for rich people, (if the patient have much money, the patient can push the doctor, sometimes) and for poor people.
- If the doctor is very bad in this, he becomes like a medicine man in the jungle, who cooperate with the demons to help the people in a bad way – so they get stocked with the demons and in many cases a real bad life with other different sins like sexual immoral, theft, murder and so on.

The Bible and narcotic drugs!

- I've been reading the Bible a lot, but I never find anything about drugs- until one day, I was checking the original text on **Revelation 21:8**;
But the fearful, and unbelieving, and the abominable (those who do bad things), and murderers, and sexual immoral, and sorcerers (those who practice magic arts) and idolaters, and all liars, shall have their part in the lake which burns with fire and brimstone: which is the second death. (That's Hell).

I checked the word – sorcerers – in the original Greek, it's the word - **Pharmakos** = one who use or give out drugs (uppers or downers, narcotic drugs), poison mixer, witch doctor.

In Sweden we use a word that is coming from **Pharmakos**,....

To you who have big problems with Narcotic Drugs:

Jesus loves you and He has the will to set you free, and He also has the power to do it. Jesus will in most cases also use people who can help you, both Christian people and other true lovefull people. This is a big problem all over the world and you need maybe all the help you can get.

- Usually people with all kind of "bad habits sins" have a soul problem – they feel bad and then they trust in bad habits, a real born again experience with Jesus can do marvelous things in your life. To really feel good, all of us must turn to God and Jesus and they will heal our broken hearts. Read **Isaiah 61: 1-2** it's about the power of Jesus to **YOU!** and me.

The Spirit of the Lord GOD is upon me; because the LORD hath anointed me to preach good message to the meek; he hath sent me to heal the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to *them that are bound*;

- My advice: Pray earnestly to God, that you want to be free and tell some people about it. **So if the Son sets you free, you will for sure be free. John 8:36**
- Confess it as a sin, and you will indeed be forgiven! In the most cases you also have other problems, usually relations problem, Jesus and God loves you and you will also find love full Christian people, that's my pray for you!

If we confess our sins, He is faithful and just to forgive us *our* sins, and to cleanse us from all unrighteousness. 1 John 1:9

- Pray and seek freedom from narcotic drugs, and Jesus will indeed help you – believe it!

Ask, and it shall be given you; seek, and you shall find; knock, and it shall be opened to you: For every one that asks receives; and he that seeks finds; and to him that knocks it shall be opened. Matt 7:7-8

- You have maybe bad conscience and you have lost many years of life. Jesus can give you back lost years and give you a good conscience **And whatever you shall ask in my name, that will I do, that the Father may be glorified in the Son (Jesus). John 14:13**

...for You have cast all my sins behind your back. Isaiah 38:17 3

Why I can say that narcotic drugs is the medicine of the Devil:

First a Bible verse;

•**The thief (the devil) comes to steal, and to kill, and to destroy: I (Jesus) has come that they might have life and that they might have it more abundantly (overflowing). John 10:10**

The thief is the devil, and all drugs steal the good life that God wish that we people on earth shall have. Read **Genesis 1:31**

•The devil likes people to be killed, narcotic drugs kills people- sometimes fast, sometimes slow, both rich people and poor people. See news and history. Open your eyes and look around!

Many murderers and also suicide victims are using narcotic drugs- No doubt it is the medicine of the devil, also many get killed of business with drugs. Shore, it is the medicine of the devil!

But JESUS can today give you a good life, read **John 10:10**

•The devil likes to destroy countries, narcotic drugs can destroy whole countries in many ways – people are doing what is bad for their children and also for the future of the country. Using of drugs is a selfish act- the opposite of real love for children, for your wife, for your husband, and your friends and relatives. Many use drugs in combination with many sins, like violence- fighting, sexual immorality, armed robbery, TV/ computer looking and much more. People can also do crazy “legal” things when they have narcotic drugs in their body – they can take risk for their health and life, and now we are coming to the word– *Medicine*. When people do bad things they also get a bad conscience, they feel bad and then they take more drugs to continue with the sin or bad life, and they are coming more deep under the devils power and this is really horror for the people. When it’s getting very bad, the devil is coming whispering to them; “commit suicide”, and if you do, the devil will maybe have you in hell for eternity. **But Jesus says: Come to Me, and I will give you rest! Matthew 10:28**

What is a narcotic drug?

It is something that you can get directly from the nature, or people “do something” with things from the nature so people get **out of their mind in one way or another. People get “sleepy” in the world and are not awake what Jesus and the Bible want all people in the world to do – normal good things.**

There are two ways those things is function;

- 1- you get very up
- 2- or you get very down

Narcotic means **sleep** in Latin, makes them sleepy for Jesus and all good things He likes all the people on earth to do.

So in my opinion, all kind of drugs, both those who makes people high or drugs that makes people down should have the name **narcotic drugs**, because it makes them **sleepy of doing what is right – that Jesus and the Christian Bible likes us to do.** There are a lot of good things that Jesus suppose us to do; do a good work with my hands, be a loving husband to my wife and a good father to my children, not be up and down, but instead be a strong person to my surrounding area, not lazy, but not overworking either.

Doing a lot of things that Jesus wants us to do. Do what the Bible says, and do it with joy, that’s not easy to everyone, but Jesus is the invisible man that is always with us and He wants to help us.

Name of Different Narcotic drugs – The medicine of the Devil; Heroin, opium, cannabis, cocaine, marijuana, hashish, morphine, LSD, Ecstasy, methadone and many, many more.

Howe come that I call them the medicine of the Devil? It’s very simple if you listen to the news what happen in the world, how much killing and sins that comes out of using narcotic drugs and business with narcotic drugs, of course it gives pleasure for a short time – **BUT IN THE LONG RUN A REAL HELL, HERE ON EARTH. Of course, Jesus loves every drug addict and He loves to save them and He has power to really save.**
